Subject: HB 6066, 6067, 6068 - thank you for wanting more integrity in our election process

Michiganders who believe in protecting the integrity of the voting process PLEASE email a quick note of support for HB-6066, 6067 6068 to the secretary of the House elections committee for the records: mabdul@house.mi.gov AND cc Rep Lyons: LisaLyons@house.mi.gov

Dear State Representative Lyons;

Thank you for supporting HB 6066, 6067, and 6068. Requiring those who do not have voter ID submit a provisional ballot, instead of simply signing an affidavit, stating that is who they are, is a wise and needed change if we want to maintain integrity in our voting system. Thank you for your efforts. I wish you success in this endeavor.

Sincerely,
Arlene Pearson

Subject: Support of HBs: 6066 - 6068

We would like to send this email in support of Rep. Lyon's bill package 6066 - 6068. Election and voter integrity is crucial. The constant barrage of questionable voting and voter intimidation undermine the privilege we have in this country to cast a vote for the candidate and/or issue of our choice.

We find it remarkable in this day and age that people can claim or complain they don't have some type of "approved" identification. It would seem hard to exist in almost every realm of doing business that I.D. would not only be expected but required.

This legislation is requiring what should - and probably is - already in place. That would be having and showing proper identification.

The claim of voter intimidation is really directed towards those who believe that I.D. should be required to vote in elections that determine the outcome and direction of our state, country, and local governments.

We applaud Rep. Lyons for introducing and fighting to maintain, improve and secure our voting process. We would ask that other legislators join her in passing these bills before the end of this session.
